

Student Summary

Use the Student Summary page to view demographic, contact, emergency, schedule, and today's attendance information for a student on a single page. The information that displays is entered on other student information pages. If a student photograph is stored, the student's photo displays at the top of the page.

A comment from the student's Personal page may display in a pop-up window when you display the Student Summary page for a student. Review the message and click **OK** to close the window.

If the student's schedule is displayed, the course that the student is scheduled to attend for the current time is highlighted.

 [What can I do?](#)

Fields

The page may have the following sections and links, depending on the display options specified in the [Student Summary Configuration page](#).

- ▼ [Student Information](#)
- ▼ [Registration Information](#)
- ▼ [District Registration Information](#)
- ▼ [Personal Information](#)
- ▼ [Contact Information](#)
- ▼ [Emergency Information](#)
- ▼ [Schedule Information](#)
- ▼ [Attendance Information](#)
- ▼ [Programs](#)
- ▼ [Building of Residence/Grade Assignments](#)

Student Information

Includes the student's name, district identification number, building, and grade.

Registration Information

Includes basic registration information, such as homeroom, age, birthdate, and calendar. Clicking this link opens the student's [Registration Information page](#).

District Registration Information

Includes optional registration information, such as residential district and alternate district. Clicking this link opens the student's [Registration Information page](#).

Personal Information

Includes information such as ethnic code, classification, meal status, and social security, as selected using the Customize option. If you do not have access to some fields, they will not display. Clicking this link opens the student's [Personal Information](#) page.

Contact Information

Includes contact's name, type, address, and phone numbers. You may choose to include the student, guardian, emergency contacts, or others. Clicking the Contact Information link opens the student's [Contact List page](#). Clicking the name, address, or phone will open the appropriate tab of the [Contact Information page](#) for that contact.

Emergency Information

Includes physician, insurance, hospital, and alerts and disabilities information. Clicking this link opens the student's [Emergency page](#).

Schedule Information

Includes the student's schedule for today. Clicking the Schedule Information link opens the student's [Student Schedule page](#). Clicking the course-section link opens the [Student Course Detail page](#).

Attendance Information

Includes any attendance entered for the student for today. Clicking this link opens the [Attendance Year View page](#).

Programs

Includes any special programs in which the student is enrolled. Clicking the Programs link opens the [Programs page](#) that lists all programs for the district. Clicking a program's description link opens the Programs page for the specified program.

Building of Residence/Grade Assignments

If your district uses GeoCode, this section displays the list of buildings and grades that the student should attend, based on the student's address. Clicking this link opens the [Student Addresses page](#). Using the Customize option, you can also select to display the Plan Area Number, Zone Number, and Building of Residence Type in this section.
